1. Account Provisioning

- New hires receive Email, OA, VPN and repo access from IT.
- Contractor accounts expire in 90 days by default.

2. Access Control

- Production DB read-only access needs manager + DBA dual approval.
- Sharing personal accounts is forbidden and triggers audit freeze.
- All access must be revoked on the employee's last working day.

3. Password Policy

- Minimum 12 characters with upper/lower/digit/special.
- Force rotation every 90 days.
